Regulated Medical Waste Compliance Guidelines

Generators are responsible for packaging waste for transport.

****Medi-Waste Drivers do not package waste****

- ✓ Box must be taped on the bottom.
- ✓ Each box must have a red bag liner.
- ✓ Each red bag must be hand tied by gathering and twisting the neck of the bag and using a hand knot, tie, or tape to secure the bag shut.
- ✓ Each container must be securely closed.
- ✓ Closed bags must not be visible once the outer container is closed.

Improperly packaged containers or damaged containers may be denied pickup.

****If you have Coronavirus waste****

It must be double bagged.

It must be labeled as such on outside of container.
